

**SUNSPACE WEATHERMASTER
CLEANING INSTRUCTIONS
THREE-SEASON SUNROOMS
MODEL 300**

The best way to keep the vinyl clean is to use Sunspace WeatherMaster Vinyl Cleaner & Preservative, which has an added preservative included to maintain the life of the vinyl. The use of other products containing abrasives, ammonia or other chemicals can damage vinyl and will void the warranty.

Using the Sunspace WeatherMaster Vinyl Cleaner & Preservative:

DO NOT OVER-SPRAY

Any questions, detail instructions or an In-House demonstration.

Call dealer: Central Maryland Sunrooms 410-751-1512

WeatherMaster Vinyl products should be cleaned at least every six months. To maintain the vinyl and prolong its life, the use of “Sunspace WeatherMaster Vinyl Cleaner” is recommended. This will preserve your WeatherMaster Vinyl Panels for many years of enjoyment.

IMPORTANT:

DO NOT USE GLASS CLEANER ON VINYL WINDOWS.
